Minutes for the April 8, 2009 meeting were approved as read. Moved by Dunn.
Seconded by Beeghly

OLD BUSINESS:

1. The Piper 180 remains at Duke's for repairs. All parts are now in, and it is anticipated that repairs will soon be complete.
2. Scholarship: We have four applicants. The deadline for receiving applications is the end of the month.
3. Reminder that the scheduled airport clean-up day is this weekend at 9 AM. We have some hangers to clean and some chain sawing to do. Clean-up will be slightly more difficult because the regular trash truck cannot currently come out our road. There is an annual "embargo" placed on the road by DOT for heavy loads until the spring thaw is complete and ground is no longer so soft. Trash has to be taken by pick-up to meet the trash truck on the gravel road.

NEW BUSINESS:

1. We continue to get new members or individuals expressing strong interest, three of the latter this week.
2. Treasury: There has been little change in the treasury situation. We are getting more flying, and this should help some with the bottom line.

Meeting adjourned at 6:36 PM. Moved by Dunn. Seconded by Beeghly
